MORO ISLAMIC LIBERATION FRONT
PEACE IMPLEMENTING PANEL
Office of the Chairman

The **Moro Islamic Liberation Front (MILF) Peace Implementing Panel** expresses its deepest condolences on the passing of **Hajji Abas “Jerry” C. Abubacar**, 112th Base Commander of the BIAF-MILF and a valued member of the Joint Normalization Committee.

Hajji Jerry was among those who carried the responsibilities of the struggle with quiet strength and remained committed as the Bangsamoro transitioned from conflict to peace. His contributions to the Normalization process form part of the continuing work to ensure that the gains of peace are sustained and felt by communities.

As we remember him, we are reminded that the path we walk today is shaped by individuals who gave their time, service, and sacrifice for a just and lasting peace in the Bangsamoro.

We pray that Allah (SWT) grants him forgiveness, admits him to Jannatul Firdaus, and provides strength and patience to his family and loved ones during this time of grief.

Inna lillahi wa inna ilaihi raji’un.
