Bismillahir Rahmanir Raheem.

The Moro Islamic Liberation Front (MILF) expresses its serious concern over the reported attack against the convoy of BARMM *interim* Chief Minister Abdulraof A. Macacua and condemns any act of violence or intimidation against any individual.

We therefore reiterate our opposition to violence and intimidation, and call for the immediate, impartial, and thorough investigation of the reported attack, including the identification of those responsible and the determination of the circumstances and motives surrounding the incident.

As party to the peace process, the MILF peace mechanisms (AHJAG, CCCH, etc.) and relevant channels are available to assist in gathering information to ferret out the truth surrounding the incident and to prevent further escalation.

The safety and security of the people of the Bangsamoro must remain paramount, particularly during periods of political uncertainty. We urge all concerned to remain calm and to refrain from speculation, retaliation, or actions that could heighten tensions.
