

MESSAGE

We begin another chapter in our quest for lasting peace in our homeland as the members of the Bangsamoro Transition Authority would take their oath of office.

We have fought, sacrificed and struggled for a government that would be reflective of our system of life and a governance that is suitable and acceptable to the Bangsamoro.

Now, we must make that government work --- one that is promotive, responsive and protective of the general welfare of the Bangsamoro, indigenous peoples and settler communities.

The overwhelming majority who have voted Yes for the Bangsamoro Organic Law (BOL) have already set the highest expectations for us. They deserve no less than a government that can live up to those expectations.

For all the milestone we have reached thus far, we thank the countless men and women who have been instrumental in the realization of the new political entity called the Bangsamoro Autonomous Region in Muslim Mindanao (BARMM), most especially to His Excellency Pres. Rodrigo Roa Duterte who profoundly understands the Bangsamoro Problem and has made possible the settlement of it.
