

**A TIME TO UNITE**  
**Manifesto of Support for the Bangsamoro Organic Law**

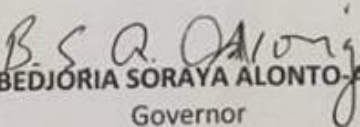

We, from the province of Lanao de Sur and its corresponding Local Government Units, wish to express our unwavering support with the recent enactment of the Bangsamoro Organic Law.

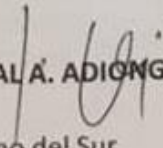

We believe in the spirit by which it is written mainly to resolve the decades old problem of peace and economic prosperity not only for the Bangsamoro but for the nation in general.

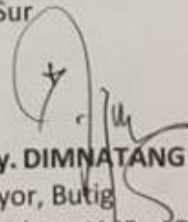

We are looking forward to the upcoming plebiscite as a vital legal step for this law to take its historic course.

We fully support the creation of the Bangsamoro Transition Authority to oversee the much awaited change towards a greater and stronger Bangsamoro Autonomous Region in Muslim Mindanao.

Lastly, we wish to express our deepest gratitude to President Rodrigo Roa Duterte, the MILF leadership, the Senators, Congressmen and all other stakeholders in their fortitude to rewrite a better future for the Bangsamoro.
